 Lisette.Valdes@web.de

Enthusiastic data science professional with ability to utilize skills in data analysis, machine learning, and statistical modelling. Proficient in Python, SQL, and data visualisation tools, adept at implementing machine learning algorithms, and skilled in extracting insights from complex datasets. Demonstrates keen ability to apply analytical skills and critical thinking in order to solve problems and optimise business processes. Exhibits excellent communication and collaboration capabilities, with passion for continuous learning and growth in rapidly evolving field of data science.

Skills

- Statistical Modeling & Inference  Upper intermediate
- Model Evaluation & Validation  Upper intermediate
- Fundamental Machine Learning Technique  Upper intermediate
- S Python | SQL Programming  Intermediate
- Data Cleaning & Preprocessing  Upper intermediate
- Basic Big Data Technologies  Elementary
- LATEX  Advanced
- MATLAB Programming  Intermediate

Career Note

- **External Teacher during Summer Semester**
Faculty of Psychology and Movement's Science – University of Hamburg, Hamburg
 - Statistics II (Seminary in English)
- **Researcher (Wissenschaftliche Mitarbeiterin)**
 - *Faculty of Psychology and Movement's Science – University of Hamburg, Hamburg*
 - Statistics I (Seminary in English)

2019-01 - 2022-09

2015-04 - 2018-10

2010-01 - 2015-01

- Statistics II (Seminary in English)
- Regression Analysis and Variance Analysis (some theoretical and practical aspects) (Seminary in English)

Research Assistant

Faculty of Mathematics and Computer Science – University of Havana, Havana

- Statistics I and II (Lecturer and Tutor) in Faculty of Geography and Faculty of Sociology
- Methods of Linear Optimisation (Seminary Tutor) in Faculty of Mathematics and Computer Science
- Additional experience in research and teaching

2014-04 - 2014-09

Researcher (Wissenschaftliche Mitarbeiterin)

Faculty of Psychology and Movement's Science – University of Hamburg, Hamburg

- Statistics II (Seminary in English)

2004-09 - 2010-07

Instructor Teacher

Faculty of Mechanical Engineering - Technological University José Antonio Echeverría, Havana

- Mathematical Analysis I and II

2014-01 - 2022-05

Education

Ph.D.: Telecommunication Engineering (Sobresaliente Cum Laude)

University of Malaga - Malaga, Spain

2011-09 - 2012-10

Master of Science: Mathematics

University of Malaga - Malaga, Spain

2005-09 - 2007-06

Master of Science: Mathematics "Mention Optimisation"

University of Havana - Havana, Cuba

1999-09 - 2004-06

Bachelor of Science: Mathematics

University of Havana - Havana, Cuba

Languages

- Spanish – Native
- English – fluent
- German - Level A2

Certifications

2023-03

Data Analytics & Data Science Certification (Stackfuel, Remote)
Conducted comprehensive data analyses and implemented machine learning projects using Python programming language. Utilised pandas for data processing, matplotlib and pandas for data visualisation, and APIs for collecting external data. Applied supervised and unsupervised learning techniques using sklearn, developed neural

networks with Keras, and managed big data with Pyspark and SparkSQL.

- Conceptualised efficient data pipelines, identified outliers, and created robust models for accurate data prediction.
- Completed an independent final project, showcasing mastery in model interpretation, data visualisation, and code hosting with GitHub.
